Welcome to Hawaii Island Business Crime Watch

Aloha,

The **Hawaii Island Business Crime Watch (HIBCW)** is a free community safety program operated by **KIAA** that connects local businesses, community members, district captains, and law enforcement across all nine districts of Hawaii Island. Our mission is simple: keep Hawaii Island informed and protected through real-time communication, shared awareness, and community cooperation.

HIBCW maintains a **public incident map** at **hibcw.kiaahilo.org/map** where anyone can view reported incidents, identify patterns of activity, and stay informed about what's happening in their neighborhood or business district — no account required to view.
